Gardening

Fruit Tree Pruning & Care - AGRI 1160

Learn how to correctly prune for optimal health, fruit production and appearance. Course also includes site selection, planting techniques and seasonal care requirements. A field trip will give students hands-on pruning experience.

Comox Valley Campus
Saturday & Sunday - February 6 & 7
1:00 pm - 4:00 pm
$80.00
Instructor: Susanne Bradfield
Request a supply list when you register.

Residential Landscape Design - AGRI 1179

Learn how to plan & create your own personal outdoor living space! This intensive 6 session course will take you through the landscape design process. You will measure out your garden space, choose and place plants and landscape features, and finish with a unique, scaled design of your future garden. There are on-going homework assignments during the course. Some drawing paper is supplied. Handouts are provided each class. Please bring to the first class: an HB pencil, eraser, ruler and calculator, photos of your property and a photocopy of your property survey.

Comox Valley Campus
Saturdays - Feb. 13, 20, 27, March 6, 20, & 27 (no class March 13)
1:00 pm - 4:00 pm
$180.00
Instructor: Susanne Bradfield
Request a supply list when you register.

Susanne Bradfield
